Forecast for Friday 25 Nov 2022

Weather: Mostly cloudy at first, but probably dry. Good sunny spells soon developing, continuing through the day with a slight chance of the odd shower. Feeling cool in the strong winds. Increasing cloud spilling in from the west on Friday evening with a few further showers.

Chance of cloud-free hill tops above 800m: 70% at first, increasing to generally 90% from mid-morning.

Low Cloud and visibility: Occasional low cloud to around 500-600m at first, but soon lifting to become mainly above summits. Patches of cloud to 600-700m in any showers through the day. Visibility will be good or perhaps moderate in any showers but outside of showers will be very good or excellent.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Meteorologist's View

Strong winds continuing during the day around summits and ridges and feeling very cold in any showers.

Forecast for Saturday 26 Nov 2022

Weather: Becoming cloudy overnight but mostly dry. It will be a dull morning with cloud increasing and some drizzle, mainly in the north but dry for much of the rest of the area. Rain and gales spreading east in the afternoon with most places wet by mid-afternoon. Rain is likely to become persistent and heavy during the evening, perhaps some breaks further west by late evening.

Maximum wind: Southerly 30-35mph with gusts 45-50mph, gusts increasing to 60-70mph on Snowdon later in the day.

Chance of cloud-free hill tops above 800m: 70% falling to 30% as cloud thickens during the afternoon.

Low Cloud and visibility: Patches of low cloud turning more scattered above 600m in the morning with visibility below the cloud turning moderate during the morning, cloud will lower and thicken in the afternoon. Southern areas will see more breaks and less cloud in general. By mid-afternoon broken cloud above 400m is likely for most areas and in the rain visibility is likely to be poor at times.

Temperature: **Valleys:** Plus 10 Celsius.
At 800m: Plus 5 Celsius.
Freezing level: Above all summits.
